MESSAGE FROM PRINCIPAL(MCPS)

Dr. Nisha Singh

I believe a student spends most of the time in learning and education has been an important part of our life learning experiences. That is to say, “Education is a manifestation from within”. There is knowledge in all human beings, it only requires awakening. The task of a teacher is to awaken all senses. Education is not a mere collection of facts and information, it is a professional responsibility with the course you choose.

I am happy to know that our sister college, Modern College of Law is releasing its admission brochure for the new session, adding another year of great professional responsibilities to educate young students with an engrossed concentration of both mind and heart.

At Modern College of Law, our aim is not only to make innovative Faculties, Lawyers, Legal Executives, Businessmen but above all, good human beings.

*“A good teacher can only show you the right path,
Walking on it is your choice.”*

My best wishes to you for a wonderful and exciting academic journey.
